

TRANSFER TIPS

**CALIFORNIA STATE UNIVERSITY
SAN BERNARDINO**

**FINANCIAL AID OFFICE
University Hall, Room 150**

Financial Aid does not transfer from one school to another. You must reapply each year. For TRANSFER students, the procedures you follow will depend on your circumstances and the time of the year that you transfer.

The following tips are basic guidelines regarding financial aid when transferring from one college to another. Please keep in mind that you may or may not be awarded the same type or amount of aid at the new school because of different costs of attendance and availability of funds.

Tip #1: List CSU San Bernardino on your FAFSA (school code is 001142). If you did not list CSU San Bernardino, you may call the Central Processor at (800) 433-3243 or (319) 337-5665 to request that a copy of your FAFSA be sent to CSU San Bernardino.

Tip #2: If you are transferring from a semester-based college or university and you were awarded a Pell Grant and/or Stafford Direct Loan, you will receive your remaining eligibility at CSU San Bernardino.

Tip #3: If you borrowed under the Federal Direct Loan Programs, contact your lender or holder of the loan and tell them that you are changing schools.

Tip #4: If you have already received a Pell Grant or loan for the current school year at another school, contact that school and request that they cancel future disbursements. You must reapply at the Financial Aid Office at CSU San Bernardino located in University Hall, Room 150.

Tip #5: If you are receiving Cal Grant A or B, you need to notify the California Student Aid Commission (CSAC) of your change in schools. You can do this with a change request form (G-10) available at the Financial Aid Office, CSU San Bernardino located in University Hall, Room 150.

Tip #6: If you are receiving a private scholarship at your current school, contact the school and the donor of the scholarship and notify them of the school change. You can apply for CSU San Bernardino scholarships on-line at <http://finaid.csusb.edu>.
