America Reads and America Counts Federal Work-Study Tutor Application

The America Reads and America Counts Programs provide an opportunity for students who need financial assistance to earn a portion of their college expenses through part-time employment. Participants provide tutoring to children K-6th grade in reading and K-9th grade in math. Students will be placed in local school districts or tutorial agencies. The Student Employment Office will notify selected students if they are accepted to the program. Students will be instructed to register for the ESEC 545 class which provides tutor training for students to work with low literacy and at risk adolescents in reading. Topics include literacy methods, multicultural issues, learning disabilities and use of educational software.

Name: _____ Coyote ID: _____

Address: _____

Email: _____

Phone: _____
